Ref.C.No.7747-23-V6. South Kanara Collector's Office

Mangalore, 13th January 19

From

C. A. Souter, Esquire, I.C.S.,

Collector of South Kanara.

To

The Secretary to the Board,

Land Revenue, Madras.

Sir,

Assignment - Udipi Taluk - Amblapadi village - S.Nos.2/33 to 39 - within half a mile of the Udipi Malpe road - Instructions solicited.

.....

The Tahsildar of Udipi recommends the assignment o S.Nos.2/33 to 39 of Amblapadi village which are reported lie within half a mile of the Udipi Malpe road. My ----- predecessor in office, Mr. A. L. Vibert, on the probabili of the connection of Malpe with the Mysore Railway ordere on 13th February 1917 that all open land within half a mi on either side of the Udipi Malpe road should be reserved and this order still continues in force. Please let me know whether there is any project in contemplation to --- connect Malpe with the Mysore Railway or with Mangalore. The Agent, South Indian Railway, Trichinopoly whom I ---- consulted in the matter states that no such project has y been prepared by that Administration, and that Government may be addressed on the point. So far as my information goes there is little likelihood of such a project being - carried out in the near future and it seems needless to - reserve this large extent of land.

Your obedient servant,

Ref. B.267-24-2 & 11-2-24

The Board requests to be informed if the probability of the railway project being put into execution is sufficiently great to justify the reservation of lands through which the railway is likely to run. The question is one reserving all open land within half a mile of the existing Madras Road and this means a considerable loss of revenue.

I enclose a copy of Mr. Vibert's order prohibiting the assignment of the land on the Malpe-Udipi road. Government sanction has not been obtained in the matter.

Collector's Office,
Karkal, 13. 2.1917.

Tahsildar,

Mr. P. Alva has come to me with a story that the Mysore people have decided to go for the Malpe line.

I cannot say how far this will turn out to be authentic. But it is clear that there will at once be a lot of land speculation and Mr. Alva himself says as much.

Provisionally therefore hold over all darkhasts on the sea coast and between Malpe and Udipi and I shall come over myself as soon as I can and decide ~~which~~ what land should be transferred to prohibitory order and reserved. I believe a good deal is so —

already. But roughly everything along the sea coast from the temple to the pier and all open land within half a mile either side of the Udipi-Malpe road should be reserved that is at our disposal
